TITLE 2

Abstract

One or two sentences providing a basic introduction to the field, comprehensible to a
scientist in any discipline. Two to three sentences of more detailed background,
comprehensible to scientists in related disciplines. One sentence clearly stating the general
problem being addressed by this particular study. One sentence summarizing the main
result (with the words "here we show" or their equivalent). Two or three sentences
explaining what the main result reveals in direct comparison to what was thought to be
the case previously, or how the main result adds to previous knowledge. One or two
sentences to put the results into a more general context. Two or three sentences to
provide a broader perspective, readily comprehensible to a scientist in any discipline.
